

INURRIETA

# Inurrieta Orchídea

## White 2023

*...a noble halo of aromatic complexity.  
A fairy-tale wines...*

Alcoholic Percentage: 13%  
Serving temperature: 8-10°C

**Grape variety:** Sauvignon Blanc.

**Vinification:** Fermentation under controlled temperature between 14 and 16°C and lees aging for 3-4 months.

**Tasting notes:** Highly attractive thanks to its unique blend of aromas combining tropical fruit with citrus and vegetal notes. A Sauvignon Blanc that shows daring.

Outstanding, bright, crystalline yellow-green. Delicious varietal aromas, in a frank, very complex nose -pineapples, passion fruit, grapefruit and boxwood- reinforced by a tremendously creamy mouth. Tank ageing over fine lees heightens the sensations of creaminess and smoothness in the mouth.

### **Awards:**
