

INURRIETA

Inurrieta Cuatrocientos

Crianza 2020

...friendly and robust, rooted in deamland...

Grape Varieties: Cabernet Sauvignon, Merlot, Graciano, Garnacha and Syrah.

Vinification: Aged for 14 months in French and American oak barrels.

Tasting notes: At an altitude of 400 meters, we grow the vines to create this high-level wine. Under these conditions, the grapes undergo a long, balanced ripening process, with increased accumulation of aromas and flavours.

Dark, with an elegant, sweet, fruity nose combining a fine, perfumed imprint from barrel aging. In the mouth, it proves lively, balanced and meaty, highlighting the excellent quality of its tannins.
